(Incorporated in the Republic of Singapore on 19 July 2012)

OUR IFPS WAS SUCCESSFULLY TESTED TO BS EN 1634-1 2014

GDS Global Limited (the “Group”) is pleased to announce that its wholly-owned subsidiary Gliderol Doors (S) Pte Ltd had recently fire-tested its Insulated Fire Panel Shutter to BS EN 1634-1 2014 and achieved 4 hrs of Fire Insulation with 4 hrs of Fire Integrity. The test was carried out in compliance with the new standard requirements of the Singapore Fire Authority (FSSD).

BS EN 1634-1 is currently the most stringent testing standard for fire shutters and is widely accepted internationally. The Group will now be able to offer all its 3 models of Insulated Fire Panel Shutters to meet the market requirements of most countries in the world.

For more information, please visit our Products page under “Fire-rated Shutter/Curtain Systems”.

This design is the subject of our Singapore Patent Application Nos. 10201601222V and PCT/SG2015/000132, with International Patents pending.
